Subject: ICT Attachment Application – John Musee Mutua – Railway Training Institute

Dear Sir/Madam,

I am writing to express my strong interest in securing an Information and Communications Technology (ICT) attachment opportunity with Tribe Hotel Group. As a student pursuing a Diploma in ICT at the Railway Training Institute, I am eager to apply my academic training to a practical environment. I bring a strong foundation in computer hardware and software, networking, and IT support. Tribe Hotel's reputation for maintaining international luxury standards deeply resonates with me. Furthermore, I am incredibly inspired by your recent digital transformation and migration to Google Cloud infrastructure to streamline operations. As a forward-thinking ICT student, I am eager to learn how a premier boutique hotel manages its modern, data-driven cloud networks while contributing my skills to keep your systems running smoothly.

An attachment at Tribe Hotel Group would provide the ideal environment for me to learn from industry leaders while contributing to your daily technical operations. I am available for a period of three-months starting from September 2026. Attached to this email are my CV and an Official introduction letter from the Railway Training Institute.

Thank you for considering my application. I look forward to the possibility of discussing how my enthusiasm and technical skills can support your IT team.

Yours sincerely,

John Musee Mutua
